

## A Level History – Subject Information Sheet

### Why choose A Level History?

A-level History at Bishop Challoner offers pupils a fantastic opportunity to learn more about how the world around them was made. It looks at a wide variety of different topic areas including more locally with the Tudors unit, and internationally with the Cold war and Middle Eastern units. History pupils learn key skills such as how to structure well thought out and supported arguments, using a wide range of evidence; as well as how to quickly take in large amounts of information and convert that into small, and understandable, chunks. The key skills learnt studying A-level history are widely applicable and will show any top university or employer that the pupil is high achieving and highly motivated.
